## Join Carl DeMaio - REPEAL THE GAS AND CAR TAX HIKES

“The Sacramento politicians have done it again – they’ve forced through a massive hike to our car and gas taxes that will have California families paying an extra \$700 each year, while raiding our road funds. **It’s time we fought back.**”

- Carl DeMaio,  
Chairman, Reform California

- Carl DeMaio and a statewide coalition of taxpayer advocates have unveiled a strategy for **overturning the gas and tax hikes.**
- The proposed state constitutional amendment will **roll back the taxes** and takes the power away from the tax-and-spend politicians by **requiring voter approval of ANY tax hike.**
